

As Jolib, we are proud to present Korea's skin care, deep knowledge and comprehensive perspective to the Turkish cosmetics market.

We focus on developing high-quality products that meet the specific needs of each skin type.

Your Health is Our Priority: Safe and Healthy Products

As Jolib, our products include the Ministry of Health We would like to proudly announce that we do not use toxic ingredients that comply with the legislation, are carcinogenic, affect hormones, cause sensitivity and allergies. This responsible approach is an indication of our commitment to the well-being of our customers and our desire to maintain the highest quality standards.

We attach great importance to the advice we give to your skin for a Sustainable Future. We would like to proudly announce our commitment to using products with minimum carbon emissions in our products. This responsible destruction ensures our respect for the environment and sustainable

Our desire to contribute to a future is an indicator.

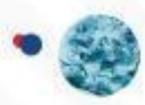

As Jolib, we would like to proudly announce that we never resort to animal testing during the product development process. The basis for adopting this ethical and responsible approach is to respect all aspects of society and contribute to a sustainable future.
